WE DELIVER RESULTS GLOBALLY

At Mane, we supply exceptional personnel across Trades and Engineering disciplines within the Rail, Construction, Highways, Utilities, Civil Engineering and Airport industries.

Having operated in the Infrastructure sector for over 20 years, we work with many of the world's most recognised contractors offering recruitment solutions to main contractors, subcontractors and service/maintenance companies. Our support starts from initial project conception through to project completion and client handover.

Mane are a preferred supplier of Rail and Infrastructure workers in the UK for a reason – we provide a service that goes beyond expectation.
